RE: Willow Creek - Architectural Controls

Dear Owners,

As the H.O.A. is now up and running, we have been receiving various requests regarding building requirements, landscaping etc. Attached; please find a copy of the Willow Creek Architectural Controls. This contains all the relevant building codes and guidelines to what is acceptable in our sub-division.

Please note that the H.O.A. will be strictly enforcing these controls. Upon receipt of an application, the Design Committee will submit the drawings to an independent professional architectural company for review. Any cost associated with this will be borne by the applicant.

In closing, we are setting up a web site - willowcreekhoa.ca, where we will post all news and information pertaining to our sub division. We will advise you once it is up and running.

We hope this is helpful.

Regards,

Joel Abougoush
President
Willow Creek H.O.A.

Jason Groot
Vice President
Willow Creek H.O.A.
